BUNNY FACE PAINT

e EASY

WHAT YOU'LL NEED

- Sponge
- Pink face paint
- White face paint
- Black face paint
- Medium thickness liner brush
- Fine brush

INSTRUCTIONS

Step 1 - Lay down a base. Using a sponge dab a small amount of pink face paint onto the apple of the child's cheeks, over their eyelids and onto the tip of their nose.

Step 2 - Add Features. Using a medium thickness liner brush outline the child's eyes with white face paint to form a point near the edge of the nose. Add fur to this with a flicking motion of the wrist beginning at the outline and extending outward.

Using this same motion add white face paint above the lip and flick out some fur and whiskers. Do this again under the chin and across the bridge of the nose.

Step 3 - Finishing touches. Add pink face paint to the lips and using a fine paint brush add whiskers, dots and eyelashes to create contrast and make your artwork pop!
