CRICUT MAKER IRON ON PRINCESS SHIRT

i INTERMEDIATE

WHAT YOU'LL NEED

- Any Cricut Cutting machine- we have used the Champagne Maker.
- Any Cricut Iron on machine- we have used the Easy Press Zen 9x9
- Any Iron Ons of Choice.
- Cricut Design Space access
- Any T Shirt
- Tool Set
- Cutting Mat

INSTRUCTIONS

Step 1 - Start by deciding your book week character: We have chosen Princess as our theme.

Step 2 - Once your character is decided, create your design on the Design Space app- or you may choose to use an existing design and edit.

Step 3 - Many designs are free, or you may pay for membership to get access to all designs.

Step 4 - Once you are happy with your design, choose your vinyl: we have used Smart Iron Ons so we could do without the cutting mat, but please make sure you have a cutting mat if you are not using Smart Iron Ons.

Step 5 - Remember to mirror your designs when using Iron Ons.

Step 6 - Lay the vinyl out on cutting mats and place the vinyl on the mat upside down so the shiny side is pressed down. Using a roller, press these down on the mat.

Step 7 - Start cutting the layers.

Step 8 - Weed out the design using Cricut tools: we have used the Cricut essential tool set here.

Step 9 - Now layout your weeded layers to check if they align and are good to start ironing.

Step 10 - Lay your shirt out flat and make sure there are no creases.

Step 11 - Heat up your ironing press. We set the temperature to 135, and time to 20 seconds.

Step 12 - Press the first layer of iron on transfer down and press.

Step 13 - Wait for a minute and remove the backing tape.

Step 14 - Repeat for all layers.

Your personalized book week outfit is ready!
