INSTRUCTIONS

Lay out all your materials in front of you on a clear work surface so you can see everything you have to work with.

Plastic fillable eggs: Open the clear plastic fillable eggs and fill with paper shred, pom poms, scatters and chenille chicks. Be creative and mix colours to create a fun design. Repeat with large and small fillable eggs and tie a piece of ribbon through the top to finish.

Character eggs: Open the spots and stripes fillable eggs and fill the bottom half of the egg with paper shred, glue in place with the hot glue gun. Then take one of the bunny or chick eggs and again use the hot glue gun to attach the egg to the paper shred inside the fillable egg.

Other ideas: Fill the eggs with chocolates or special notes for friends. The options are endless with our DIY fillable eggs so let your imagination go wild! Happy Easter.
