GLITTER CHRISTMAS JARS

e EASY

WHAT YOU'LL NEED

- Jars
- Glitter
- PVA Glue and paint brush
- Joggle eyes
- Pom poms
- Felt sheets
- Scissors
- Pen
- Hot glue gun and glue sticks

INSTRUCTIONS

Step 1 – Decide on the characters you want to create with you jars and choose the colour glitter you want for each jar.

Step 2 – Remove cork lid from jar and paint a thin layer of PVA glue on the inside of the jar, covering all the glass completely.

Step 3 – Before the glue dries sprinkle a tablespoon of your chosen glitter inside the jar and put the cork lid back in. Hold onto the lid and give the jar a good shake to move the glitter all around the bottle. Ensure that the entire inside is covered and leave to dry.

Step 4 – Once glue is dry, open jar and shake out any excess glitter.

Step 5 – Now you can work on decorating the outside of you jars! Use a pen and scissors to draw and cut out shapes from the felt. Then use the hot glue gun to glue these shapes along with joggle eyes and other decorative touches like pom poms to bring your characters to life!
