INSTRUCTIONS

Step 1 - Wash mugs to ensure the outside is a clean surface to paint on.

Step 2 - Paint your desired design onto mug. Be creative - this can be a fun project for kids to create their own work of art. The paint is easy to remove if any mistakes are made, use a little bit of water and a cotton bud to remove any errors.

Step 3 - Once your painting is finished. Place the mugs onto a baking tray and into a cold oven. Important - Do not pre heat oven because the mug may crack or shatter if it does not gradually heat.

Step 4 - Turn the oven onto bake at 360 degrees and bake for 30 minutes.

Step 5 - When the 30 minutes is up, turn off the oven but leave the mug inside to cool down with oven.

Step 6 - Once oven is completely cooled, remove your finished mugs!
