Assembly

Diagonal Rows

Notes: Working from right to left along the bottom, start from the bottom to the right side, then the left side to the right side and top of your layout to ensure the stitches lay the same way. (Arrows in Black)

Using Col 1 and Double Crochet stitch, join triangles to make Diagonal Rows, work a dc in each stitch from the top of each triangle, at the end of a triangle, join the next triangle along. (First Diagonal row will have 3 triangles)

Using Col 2, join next Diagonal Row of triangles in the same manner, there will be 5 triangles.

Continue in this manner alternating between Col 1 and Col 2 as the joining yarn. There will be 11 Diagonal Rows and 2 loose triangles for the corners.

Joining Rows

Using Col 4, Join the bottom right triangle to the first diagonal row using a Double Crochet stitch. Work 3dc in each large ch-sp, 1 dc in each centre chain and 2dc in the 2ch-sp at the top point of the triangles. (Arrow in Red)

Continue and join the next row together with the first section, in the same manner using Col 3.

Alternating the joining yarn, join all rows and the last triangle for the corner. Ensure you always work from the bottom or left side up, so all stitches lay the same way.
