# RAFFIA LAMPSHADE

**e** EASY

## WHAT YOU'LL NEED

- 1 x FIBRA NATURA Raffia 35g (we used Natural)
- 16mm wide Double Sided Tape.
- Ready made Lampshade
- Scissors

**Tip** - Flatten Raffia as you go, preparing too much tends to twist and compresses again.

## INSTRUCTIONS

**Step 1** - Peel off about 15cms of the Paper to reveal the outer sticky side on the top and bottom to get started. This can be peeled more as you go.

**Step 2** - Carefully flatten a metre of Raffia, leave small folds and creases for a rustic effect.

**Step 3** - Wrap around the lampshade, using the double sided tape to keep in place and hold, overlap about 6-7 mms to cover the shade fabric.

**Step 4** - Continue around the whole shade, add a little more double sided tape to overlap the start.

## FINISHING

Trim last end and ensure secure with tape.

**Optional** - an additional lining can be added to keep the inside neat, for example, calico attached with fabric glue.
